PROFILE

I am a driven creator with a deep passion for sports and storytelling. My main goal is to craft engaging video content that captures the viewer by sharing and heightening the emotion of the humans behind each play. I strive in fast paced environments where turnarounds are fast and attention to detail is crucial. Whether behind the camera on game day or in front of a computer for the edit, I am in love with every moment and live to share stories worth being told.

WORK EXPERIENCE

Georgia Tech Athletics

July - December 2024

Digital Media Team, Creative Video Specialist

- Worked as a part of the media team to create content for football, basketball, volleyball, baseball, softball, and golf to enhance the Georgia Tech Athletics brand across multiple platforms
- Captured the full scope of game day action; pregame atmosphere, game highlights, fan excitement, and behind the scenes moments to craft engaging narratives that resonate with audiences
- Produced in fast-paced environments by quickly turning footage shot during pregame into polished videos displayed on the jumbotron during live games
- Gained hands on experience operating a large variety of professional video equipment including cinema cameras, lenses, lights, microphones, and other production equipment
- Developed a wide range of video projects in Adobe Premiere Pro including game recaps, interviews, advertisements, storytelling reels, and hype building videos
- Generated content totaling over 400k views across Georgia Tech platforms
